### ABOUT THE ARTIST

**Pang Ercai** . Mr. Pang studied glass instrument crafting with Professor Feng Yongnian of Qinghua University from 1974-76. For the next 30 years he worked in the glass instrument institute of Datong Chemical Plant in Shanxi Province making laboratory glassware. In the spring of 2006 he came to Schoolhouse Glass and began to use his master lampworking skills to create delightful figurines and objects. His works are delicately made and colored and often depict traditional Chinese themes.
